PUBLIC NOTICE Wright County Supervisors

March 30, 2021

Chairman Helgevoid called the regular meeting of the Wright County Board of Supervisors to order at 9:00 a.m. Members present were Kluss, Rasmussen, and Helgevoid.

Minutes of the previous regular meeting of March 22, 2021 were read and approved.

Approved claims for payment. Sandy McGrath with Wright County Public Health gave an update on the COVID cases in Wright County. There is currently 1,769 positive cases since March 2020. There have been 6,601 doses that have been administered. Wright County Public Health has requested to get more of the Johnson & Johnson vaccine and is still receiving 200 doses per week. Wright County is still requiring masks in public indoor spaces as well as continuing social distancing.

Motion by Kluss and seconded by Rasmussen to file a corrective deed and declaration of value for Lot 6 of the Agribusiness Park with Wright County paying the cost associated with the filing. Motion carries.

Adam Clemons, Wright County Engineer, gave secondary roads update. Crews began hauling shoulder rock on the west half of the county on March 25th as well as retrieving the east half shoulders on the pavement roads. Blades are starting to run full miles on secondary roads.

Crews completed one work order last week on 140th Street west of Victor Avenue using Tensar Grid with blended materials from Wright Materials. Works orders prior to 2020 are still being completed.

The project on the Highway 69 bridges north of Belmond began on March 29th and will have a completion date of November 2021. There will be a detour for this project on C20. There has been dust control complaints and Clemons will be in touch with the DOT to resolve this issue.

Clemons stated that thru March 2021, 67.93% of the Secondary Roads budget has been spent. A majority of the budget has been spent on bridges and culverts.

Held a public hearing on the DD194 Engineers report. Dan Wiedmeier with McClure Engineering explained that the sections of Boone Township in Drainage Ditch 194 being reviewed are Section 1, 2, 11, 12, 13 and 14. A total of 1,600 feet of Lateral 1 was investigated. Dan explained that the current Open Ditch is at a 0.0% grade causing it to silt in quicker and needing cleaned out more often as seen in the history of the ditch. The difference between repairs and improvements were reviewed before going over the four options. 1. Directly replace 36" clay with 36" RCP \$211,640

2. Replace the original pipe with two pipes for added cover \$318,400

3. Replace the original pipe with an open ditch \$210,560

4. Reroute tile Northward \$286,110 Motion by Kluss and seconded by Rasmussen for McClure Engineering to proceed with contacting the landowners that will be affected by the new tile location in Option 4, reroute tile Northward, and to put together a price estimate alternative for Option 1, directly replace 36", using 36" concrete arch pipe for the 900' of tile located with the lowest soil covering. Motion carries.

Motion by Kluss and seconded by Rasmussen to reconvene April 12th, 2021 at 10:00 a.m. to review the price estimate alternative and hear the response from the landowners that will be affected by the tile relocation option. Motion carries.

Motion by Kluss and seconded by Rasmussen to adjourn the meeting. Motion carries. Karl Helgevoid, Chairman Betty Ellis, Wright County Auditor Wright County Board of Supervisors

DUST CONTROL NOTICE TO WRIGHT COUNTY RURAL RESIDENTS

Any person desiring to have dust control on a section of road under county jurisdiction shall be responsible for hiring an approved contractor.

The normal treatment available will be 400 linear feet X 18 feet in width, with treatment being applied in two separate applications. Scheduling of these applications will be the responsibility of the contractor selected by the resident. Wright County will prepare the site prior to the application by the chosen contractor.

Contractors approved by Wright County are listed below. Payment for the dust control applications will be made directly to the chosen contractor.

Jerico Services, Inc. at 800-397-3977
•Using Calcium Chloride material
Deano's Dust Control at 641-421-8622
•Using Chloride products
Kist Snow & More Services at 515-293-3055
•Using Magnesium Chloride
Anderson Dust Control at 515-971-2490
•Using Lignin Sulfonate material

All questions regarding dust control and material used should be directed to the contractor at the phone numbers shown above.

Wright County will not guarantee the effectiveness of the dust control treatment. Any complaints concerning the quality will be handled between the resident and the contractor they selected.

Wright County reserves the right to perform normal maintenance (such as blading and granular resurfacing) through areas of dust control to level uneven or rough areas, without liability for the cost of any new dust control application.

National Crime Victims' Rights Week, April 18 – 24, 2021

The faces of crime victims are those of our family, friends, neighbors, and community members. According to the most recent National Crime Victimization Survey from the Bureau of Justice Statistics, 1.2 million people were victims of violent crime in 2019, a significant decrease from the year before. Now is the time to redouble our efforts so that victimization continues to decline and fewer and fewer people become victims of crime. Crisis Intervention Service will commemorate the advancement of victims'

rights and highlight issues surrounding victimization by being present at Wright County WIC Clinic on April 19th in Clarion. Advocates will be handing out bags filled with local resource information & fun activities to families attending the clinic until they are gone.

For additional information about this year's NCVRW and how to assist victims in your community, please contact Crisis Intervention Service at 855-424-9133, visit Crisis Intervention Service's website at www.cishelps.org or the Office for Victims of Crime

website at www.ovc.ojp.gov.

The mission of Crisis Intervention Service is to provide persons affected by domestic violence, sexual assault, human trafficking and homicide with professional, confidential, 24-hour services including safety and support and to prevent violence in our communities through education. Crisis Intervention Service promotes a society free from violence and oppression through social change, effective community partnerships and awareness.

Corn producers need to make insurance decisions soon

The USDA's Risk Management Agency (RMA) reminds Iowa corn producers that the final date to report production for Yield Protection, Revenue Protection, and Revenue Protection with Harvest Price Exclusion for corn is April 29, for the 2021 crop year.

The deadline for electing the Yield Adjustment option is also April 29, 2021. The Yield Adjustment option allows insureds, for Actual Production History (APH) yield calculation purposes, to elect to substitute 60 percent of the applicable T-Yield for actual yields that are less than 60 percent of the applicable T-Yield. This option helps mitigate the effect of a catastrophic year(s) caused by events like last year's Derecho storms that hit Iowa.

Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Producers are encouraged to visit their crop insurance agent for de-

tails.

RMA is authorizing additional flexibilities due to coronavirus while continuing to support producers, working through Approved Insurance Providers (AIP) to deliver services, including processing policies, claims, and agreements. RMA staff are working with AIPs and other customers by phone, mail, and electronically to continue supporting crop insurance coverage for producers. Farmers with crop insurance questions or needs should continue to contact their crop insurance agents about conducting business remotely (by telephone or email). More information can be found at farmers.gov/coronavirus.

Crop insurance is sold and delivered solely through

private crop insurance agents. A list of crop insurance agents is available online using the RMA Agent Locator. Producers can use the RMA Cost Estimator to get a premium amount estimate of their insurance needs online. Learn more about crop insurance and the modern farm safety net at www.rma.usda.gov.
